

BACHELOR'S DEGREE IN INTERNATIONAL MANAGEMENT, ECONOMICS AND BUSINESS ETHICS

Field of study : **Economics, Management, Finance and Law**
 Grade level : **Bachelor's degree** [recognised by the French State under the terms of the agreement between the French Republic and the Holy See on the recognition of degrees and diplomas in Higher Education]

MAIN OBJECTIVES OF THE PROGRAMME AND COMPETENCES COVERED

The aim of the programme is to prepare students to join the best master's programmes in business schools and universities and to train future corporate executives, managers and entrepreneurs for a career in France or abroad.

The programme is structured around 3 educational pillars:

- core knowledge in finance, economics, sustainable management and law
- a thorough education in ethics and social responsibility, in-depth understanding of intercultural challenges within the modern international business environment
- enhancement of critical thinking and teamwork, as well as development of managerial and interpersonal skills

EMPOWER TO SUCCESS

Optimal student support

- a low student-to-professor ratio
- regular meetings with the faculty advisor
- tutoring for students
- continuous assessment

Step-by-step professionalization

- courses and conferences dedicated to support professional projects
- mandatory 2-month internship in the second year
- almost 30% of courses are taught by business professionals.

BENEFITS OF THE PROGRAMME

An international approach with 2 tracks to ensure proficiency in English

Possibility to choose the 100% English-taught track. Mandatory 2nd language. Optional 3rd language. Possibility to pass a language certification B2/C1 levels (TOEFL or/and Cambridge), a dedicated course of business English.

A pedagogical team with rich and diverse background and expertise

The expertise and plurality of international instructors, coming from both academics and the professional world, provide students with the best possible support and training.

Culturally diverse classes

Students come from all continents, an intercultural exchange naturally enables them to develop their adaptability and communication skills. The primary language of communication between students is English.

A challenging training to integrate master's programmes for excellence

Through the quality of the training and the advanced educational level acquired from the first year onwards, many graduates pursue their studies in top business schools or prestigious foreign universities
